## ABOUT US

---

Kingswood Industries Limited is a technology-driven company specializing in advanced public safety, defense, and digital forensic solutions. We design and deliver high-performance systems including body-worn cameras, video management platforms, digital forensic tools, and tactical equipment to support law enforcement and government organizations worldwide.

Our solutions combine cutting-edge hardware and intelligent software to enhance security, transparency, and operational efficiency in both field and command-center environments.

## OUR VISION

---

To be a globally trusted leader in security/Defence and forensic technologies, empowering law enforcement and public safety agencies with reliable, intelligent, and future-ready solutions that strengthen safety, accountability, and public trust.

## OUR MISSION

---

Our mission is to deliver high-quality, compliant, and cost-effective security/DEFENCE and forensic solutions that meet the evolving needs of modern law enforcement and defense operations.

We are committed to innovation, system reliability, and long-term partnerships while ensuring our products align with international quality, safety, and operational standards.

## COMPLIANCE, STANDARDS & QUALITY COMMITMENT

Kingswood Industries Limited follows strict quality management, safety, and operational compliance practices. Our solutions are developed and delivered in alignment with international standards and regulatory requirements, ensuring:

Reliable and secure evidence handling

Data integrity and chain-of-custody compliance

Robust performance in mission-critical environments

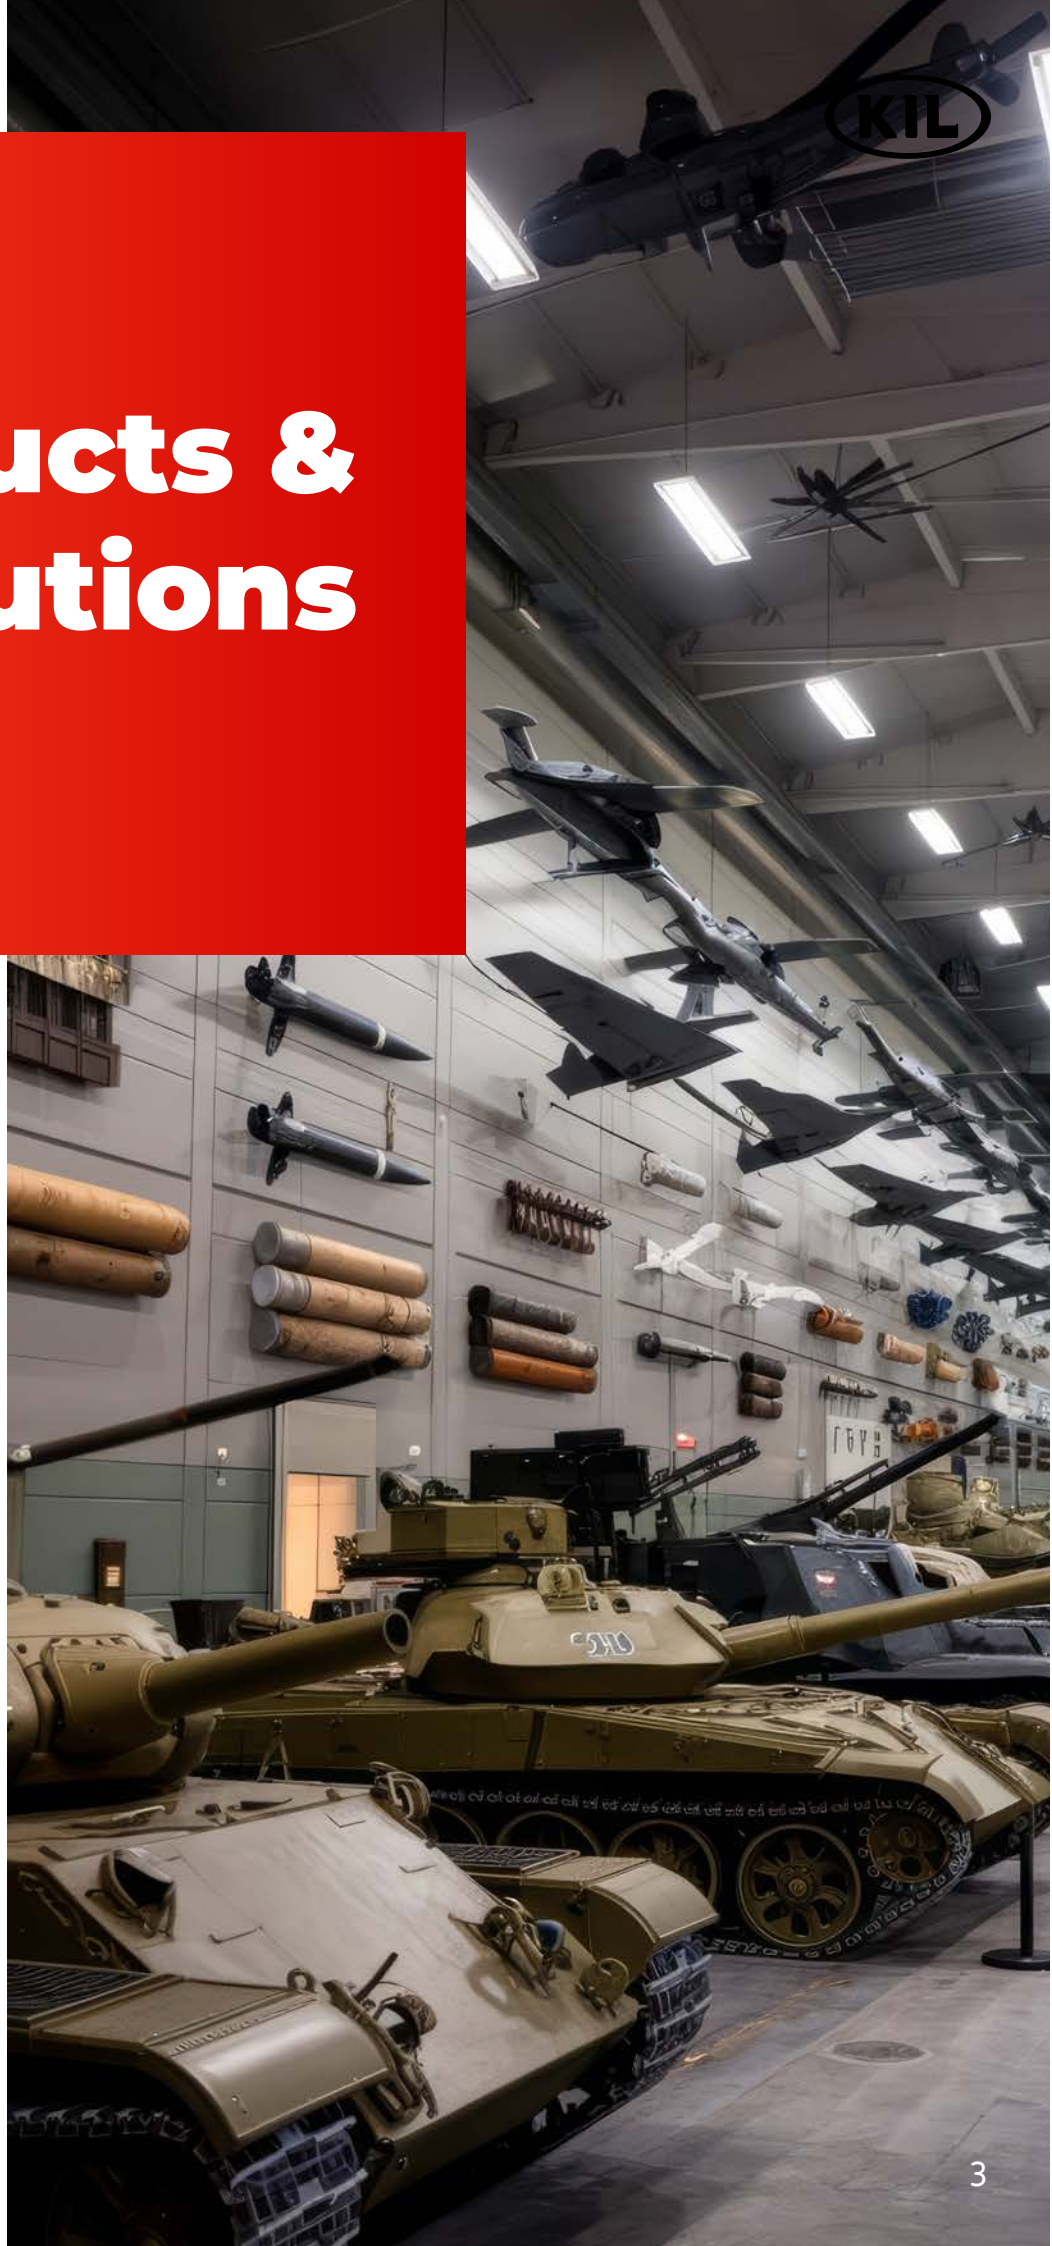

Consistency with globally accepted quality and safety frameworks

Our focus on compliance and certification enables customers to deploy our solutions with confidence across law enforcement, public safety, and government sectors.

# Products & Solutions

# BODAYCAM SOLUTIONS

PROFESSIONAL MANUFACTURER  
OF POLICE AND MILITARY EQUIPMENT

Kingswood Industries Limited presents an advanced Bodycam Solution designed to elevate operational transparency, frontline safety, and real-time communication. Our 4G body-worn cameras integrate Android OS, HD recording, night vision, GPS/Beidou positioning, and secure live video transmission for seamless field operations.

With a powerful Video Management System (VMS) and a Visual Command & Dispatch Platform, Kingswood ensures comprehensive monitoring, instant SOS alerts, remote coordination, and evidence protection. Ideal for law enforcement, transport, customs, emergency services, and private security teams.

## ■ Body-Worn Cameras & VMS

- 4G Smart Body-Worn Camera (F2S-A model)
- Docking Stations (8-Port, 20-Port)
- Evidence Management Software

## BULLETPROOF PRODUCTS

Kingswood Industries Limited offers a comprehensive range of tactical protection solutions, including ballistic helmets, bulletproof vests, anti-riot gear, and essential tactical accessories. Engineered using high-strength aramid and UHMWPE materials, our equipment meets stringent NIJ and global safety standards.

The catalogue includes bulletproof helmets, plates, ceramic armor, shields, riot-control batons, tactical boots, gloves, belts, uniforms, and advanced protective clothing—suitable for police, military, and private security forces operating in high-risk environments.

- **Bulletproof Equipment's**
  - Bulletproof Helmet
  - Bulletproof Vest
  - Bulletproof Plate
  - Bulletproof Shield
  - Bulletproof Ceramic Plate
  - Bulletproof Steel Plate
- **Anti-Riot Equipment**
  - Anti-Riot Helmets
  - Anti-Riot Shields
  - Anti-Riot Suits
  - Mechanical Expandable Baton
  - Rubber Batton
- **Tactical Equipment**
  - Tactical Belt
  - Knee And Elbow Pads
  - Military Tactical Boots
  - Tactical Gloves
  - Gun Sling
  - Gun Holster
  - Tactical Medical First Aid Kit
  - Tactical Backpack
- **Uniform**
  - Tactical Vest
  - Police Uniform
  - Police Reflective Clothing

## DIGITAL FORENSICS SOLUTIONS

Kingswood Industries Limited provides a complete ecosystem of digital forensics solutions tailored for modern investigative and cybersecurity needs. Our catalogue features high-performance forensic workstations, mobile acquisition devices, password recovery systems, write-blockers, and multi-protocol extraction tools.

Kingswood's end-to-end approach includes digital forensic laboratory setup, E-Discovery services, training programs, and professional forensic consulting—enabling agencies, corporations, and legal bodies to handle digital evidence securely, effectively, and in a court-admissible manner.

- **KIL Digital Forensic Lab**
- **KIL-2000 Forensic Workstation**
- **KIL-6900 Mobile Forensic Workstation**
- **KIL-8010 Forensics Console**
- **KIL-8000 PC Forensic Workstation**
- **KIL-600 One-Touch Mobile Collector**
- **KIL-6100 Mobile Forensics Expert**
- **KIL-2800 PC Forensics Expert**
- **KIL-2000 Recovery Expert**
- **KIL-9001 Lab Genius Pro**
- **KIL-2100 Email Analysis System**
- **KIL-8700 WriteBlocker Kit**
- **KIL-2670 Multi-Protocol Forensic Acquisition Device**
- **KIL-2300 Password Decryption Expert**

## KINGSWOOD ARTILLERY PRODUCTS

Kingswood Industries Limited provides access to a complete portfolio of defense-grade systems showcased in the Draconas Serbia Catalogue. This includes artillery and mortar fuzes, multi-caliber ammunition, grenade launcher rounds, aircraft and artillery rockets, RCWS units, and infantry weapons.

Kingswood delivers reliable, mission-ready equipment designed to meet NATO and international defense standards. Additionally, we support technical inspection, maintenance, refurbishment, and lifecycle management for advanced military systems.
